

FOR IMMEDIATE RELEASE

CCS Development Center and Production Center Relocation Notice

Kyoto, Japan, 19 March 2021 – CCS Inc. (CCS; Headquarters: Kyoto, Japan; President - Hiroyuki Onishi), a manufacturer of LED lighting for image processing inspection, is pleased to announce the relocation of its Development Center and Production Center to the new Kyoto Technology Development and Manufacturing Center.

In addition to CCS's Engineering, Research and Development, and Production Departments, the Kyoto Technology Development and Manufacturing Center will also house the Quality Assurance Section. By strengthening information sharing and coordination among divisions, CCS will improve efficiency in product development and production processes, especially for the design and manufacturing of custom-made products, which account for about 50% of product shipments.

OPTEX MFG CO., LTD., the manufacturer of CCS parent company OPTEX GROUP CO., LTD., will also be relocated to the new building to increase the group synergy efforts of OPTEX GROUP companies.

CCS will continue to grow and optimize its operations for faster response to increasingly diverse customer needs in machine vision image processing.

For more information, please do not hesitate to contact us or visit our website at www.ccs-grp.com.
