

FOR IMMEDIATE RELEASE

EFFILUX Awarded ISO 9001:2015 Certification

Paris, France, 19 April 2021 – EFFILUX, an innovative leader in the design, manufacturing and sale of powerful lighting solutions for machine vision applications, is pleased to announce that it has successfully earned ISO 9001:2015 certification for its Quality Management Systems in March 2021, maintaining quality standards amid challenging COVID-19 restrictions.

ISO 9001:2015 is an international standard for Quality Management Systems developed by the International Organization for Standardization to ensure products and services consistently meet the customers' requirements and expectations in the most efficient manner possible.

The certificate covers EFFILUX's core activities, including design, development, manufacture and sale of LED lighting equipment. The ISO certification demonstrates that EFFILUX's products and services are of the highest quality, as governed by internationally recognized standards.

Achieving ISO 9001:2015 certification is a milestone for EFFILUX. It reflects its ongoing commitment to quality and customer service by serving customers through best-in-class business practices, products, and services on a global scale.

About EFFILUX

EFFILUX, a member of the CCS Group, with head office in Paris, specializes in the design, manufacturing and sales of powerful, flexible and easy-to-use LED lighting solutions for machine vision applications. EFFILUX differentiates itself through cutting-edge flexible LED lighting design, extensive optical experiences, indispensable technical expertise, strong customization capabilities, and comprehensive lighting solutions with superior quality.
