Subject

Announcement: Material change of LC films

What's new?

We will change the LC films due to the materials discontinuation.
The product codes will be changed, but we don't change the model name.

4000949	LC-TH-224X170-HO		4003020	LC-TH-224X170-HO
4001009	LC-TH-224X170-VE		4003027	LC-TH-224X170-VE

※The product codes are changed and we don't change the model name.

2. The reason of change

Due to the discontinuation of materials

3. The differences of performance and specification

There is no difference of performance and specification.

4. The differences of appearance

(1) Before change: The both surface are glossy.

After change: The one side is glossy and other side is matte.

When you use LC films in the same way as before, please put the glossy side on the surface.

When you would like to reduce the glare, please put the matte side on the surface.

(2) The thickness

Before change: 0.63mm

After change: 0.50mm

5. Change date

From the production in June, 2020

For any other inquiries, please feel free to contact us. Thank you.
